Why I Love Being a Librarian

By: Rhonda Griffin

No, it's not because we sit and read books all day, because we don't. . . The reason I love being a librarian is because we have a special place in the community. We have the unique opportunity to share life's triumphs and challenges with everyone in the community throughout their lives. We get to watch children grow from babies, learn to read, and wave to us as they get ready to go off to school. They are excited about being a "big kid" and tell us what they're learning. We get to spend summers with them, with programs, crafts, and songs. Then they visit us after school for homework assignments, crafts, and stories. They go to middle school and begin reading chapter books and learning to use the computers. With the library being within walking distance of the High School, many teenagers visit the library after school, join in teen programs, hangout in the stacks holding hands, use the computers and get a little loud playing games

on the Wii. They don't wave at us any more, or share what they are learning in school – at least not in front of their friends. Then we help them find college applications, write letters of reference, and talk about what they want to do after college. We offer free internet access and help people complete an online job application. We have numerous people who can't get or can't afford internet access at home, come to the library to take online classes, email family and friends

who don't live in the area, or compile resumes and cover letters, which can't be done on most smartphones. We offer computer classes, which are often taken by people who have been laid off and need to know some basics about computers. We serve as a bridge to the local Community College for adults that want to go back to school, learn more advanced computer skills, or just learn to read. We are bridges to other county services. We deliver books once a month to

local nursing homes and community centers for people that can't make it into the library. We use books and the online resources to help people research issues or concerns; trying to make people understand that just because it's on the internet, doesn't necessarily make it true. We watch as people go through life changes, providing materials on pet care, new home trends, pregnancy, health concerns, marriage, divorce, and the grief of losing a loved

one. We help people find the next book that they want to read. We watch them go from checking-out cartoons to providing movies for adults who may not have cable. We provide Large Print books and audio books for people with failing eyesight. We become part of people's lives no matter what age, race, religion, or social / economic status. We don't claim to know all of the answers, we only promise to work with you to help you find them.

LAPTOPS:

Did you know that the library has 7 laptops that can be used by county agencies at the library? Through an LSTA grant provided by the State Library, the library has an LCD projector and seven laptops that county agencies can use for training, webinars, demonstrations, etc. in the library's meeting room. Just call to schedule a time that you would like to use the room during normal library hours and let us know that you would like to use the laptops.

Caswell County Heritage Festival—May 17, 2014

May 17, 2014 from 10:00 – 6:00 Town Square, Yanceyville, NC

Step back in time with the Caswell County Historical Association’s Heritage Festival! Many Caswell County citizens were prominent, well-known figures during the 1800s and their stories will be told throughout the day. Meet John “Chicken” Stephens at the Historic Courthouse and see the room where he was murdered. Witness the historic trial of Henrietta Jefferies in the second floor courtroom. Listen to gospel singing and preaching on the square. Talk to Sheriff Frank Wiley. Learn how flue-cured tobacco was discovered here in Caswell County and revolutionized the industry. Listen to Moses Roper tell about escaping slavery to England and becoming one of the first authors of slave narratives, which powerfully influenced the abolitionist movement in the United States. Watch “A Day in the Life” of the Civil War behind the museum. Booker T. Washington National Park volunteers, dressed in period clothing, will share stories about this era. Watch a parade of horses walking down Main Street, just as they did in the 1800s! Join us in celebrating the strengths of our past and enjoy a relaxing day strolling down memory lane. Come as you are, or dress the part! Any donations to help support the Historical Association would be greatly appreciated. There is no charge to attend the festival! The festival was organized by the Caswell County Historical Association. The Caswell County Historical Association appreciates all the participation and assistance from everyone that has supported this event!! There are just too many to list!!!:

Parks & Recreation

By: Ashley Williams

Finally we are having some good weather after all the snow and ice over the winter months.

ZUMBA is still going with a regular crowd of about 12 women that come out to get some exercise and have fun on Mondays from 6:30-7:30pm. Zumba is \$3.00. Everyone is welcome!!!!

We have about 300 youth that are signed up for 2014 Spring Baseball/Softball. The teams will begin to practice in March and games are to be played in April and May. We are excited to start the season and have some fun.

We are beginning to start get summer camps ready to go. We are planning to have camps during the months of June and July. Baseball, softball, tennis, girls basketball, boys basketball, soccer, and volleyball will be happening during the months of June and July.

We had a County wide yard Sale in April 12th with about 30 county employees come and sign up and have a table. Everyone had a great time and earned a little money. Fun and fellowship was had by all that came and participated.

We have a Ballin' for a Diva Benefit Tournament for the family of Sharita Coleman. Sharita is a long time employee of the Recreation department and in February is had surgery for a cancerous tumor in her brain. She is still recovering and we are keeping her in our prayers. The benefit basketball tournament is May 3-4th and it is \$100 per basketball team. Deadline is April 25th. If you have any questions, please call 336-694-4449.

Allred Electric Co. LLC Helps Students Get Plugged In

The Caswell County Parks & Rec Youth Outreach/Enrichment Program offers "That's Life, Why Try" Life Skills classes.

One of the lessons covered is called, "Get Plugged In". This concept teaches youth to 'plug in' to Parents/Guardians, Positive Friends, Teachers/Counselors/School Staff, Positive Mentors and Something that inspires them to do good. These 5 connections will help turn on the "light" to see their future brighter. Ricky Allred owner of Allred Electric Co. LLC. volunteered to come and guide the high school class through the steps of making their own can lamp. The students were clearly proud of their creation as we are proud of them for the progress they have made throughout the class.

Ballin' for a DIVA

By: Tonya Pegg

The Caswell County Parks and Recreation staff is hosting a Ballin' for a Diva basketball tournament for a family of fellow co-workers, Sharita Coleman and Sharone Stewart. The tournament will be held on Saturday May 3rd and Sunday May 4th (after church hours). Please consider sponsoring a team, donating can drinks or individual bags of chips, and monetary donations for other vending items are welcome. All donations can be brought to the Parks & Recreation office. (Direct monetary donations can be written out to Sharone Stewart) ALL proceeds will be directly given to the family. We are also raffling this beautiful "Always have HOPE" wreath made Ginny Mitchell .

and donated by Judy Jennings. Tickets are \$1 each or 10 for \$5. The winner will be announced on Sunday 05/04 at the tournament. You do not have to be present to win. See Tonya Pegg or Ashley Williamson for tickets. This benefit is for the family of Sharita Coleman who has been at Duke Medical Center since February 10th. Sharita had brain surgery for a cancerous tumor on 02/14. Sharita had a stroke days after as a result of the surgery. Once Sharita gets released from Duke, she will then need to be at a rehabilitation center. Following rehab, Sharita will undergo 25 rounds of radiation treatments. Sharita's mother has not left her side therefore has missed work. The cost of food

and gas and bills of the home are mounting. As you can see, this family has been down a long road and has farther to go. Thank you in advance and God bless you, The Caswell County Parks and Recreation staff.

Defense Mechanisms Taught at Body Dynamics Gym

One of the lessons covered through the Caswell County Parks & Rec Youth Outreach/Enrichment Program "That's Life, Why Try" Life Skills classes is called, "Defense Mechanisms". This concept teaches youth that pressure situations are best handled by maintaining control of your emotions and selecting positive defense mechanisms (those that don't hurt themselves or others). Kendall Cobb with Body Dynamics Gym demonstrated ways to calm and control our emotions through exercise. If we make a conscious choice to react positively it gives us control over the conflict situations we encounter. Thank you to Kendall and Don Donevan for their time and use of the gym. After our workout at the gym, the class treated ourselves to yummy ice cream at Yoder's Country Market.
