Project Description – What do you want to do? Why do you want to do it? Who will benefit from it? How will it impact the community? Don't worry if you don't have the entire project figured out yet. It's okay to start with a general idea. We'll work with you from there.

Project Budget – Don't panic! The budget doesn't need to be exact – not yet anyway. Just give us a general idea of what you'll need to complete the project and how much you think it will cost. We'll work with you to create a more formal budget later.
