

CASWELL COUNTY LOCAL GOVERNMENT OFFICE OF THE COUNTY MANAGER

Today, Caswell County and the Town of Yanceyville issued a curfew for a small portion of the Town of Yanceyville. The Caswell Messenger omitted a map provided to them that outlined the area on which the curfew was implemented. The affected areas include County and Town owned properties as well as a few adjacent properties.

The curfew was implemented to provide law enforcement officials additional tools to protect both County and Town properties. Due to:

1. Increased political, social, and civil unrest that was brought to Caswell County and the Town of Yanceyville recently by individuals from outside the County and Town's jurisdiction, and
2. Due to current Facebook posts and threats.

Caswell County and the Town of Yanceyville will take all necessary measures to ensure the safety of our residents and our property paid for by tax dollars and contributions from various agencies.
